

The Chauvin Chronicle

AN INDEPENDENT WEEKLY NEWSPAPER CIRCULATING THROUGHOUT
ARTLAND, CHAUVIN EDGERTON, RIBSTONE, MERTON, SIFTON, & MANITOU LAKE

Vol. 9: No. 417 CHAUVIN, ALBERTA, WEDNESDAY, MAY 31st 1922 5c. per copy \$2.00 per year in advance

Case Dismissed

Mr. Charles C. McKechnie appeared before Magistrate Dawson on the 29th inst. charged with keeping incomplete records of sale of liquor as required by Section 17 of the Liquor Act. Mr. McKechnie pleaded not guilty to the charge and produced his records in Court. Corporal Duncan, A.P.P., who presented argued that each separate sale should be entered up in a sales book at the time such sale was made.

J. A. MacKenzie for the defence succeeded in establishing the point that so long as a record were kept which would enable the inspecting officer to check up the various sales that this was all that was required by the Act.

Magistrate Dawson accordingly dismissed the case against Mr. McKechnie and in his remarks referred to the fact that Mr. McKechnie had always to his knowledge lived up to both the spirit and letter of the law so far as the Liquor Act was concerned.

Baseball Activities

Empire Day provided ideal weather and the local base ball enthusiasts provided the remaining attributes necessary to furnish an afternoon of thrills. Ribstone, Airle and Chauvin were killed to play a double header. On the first draw it fell to Airle and Chauvin to compete. The game was fast in spots but marked by numerous errors, resulting eventually in a tie 7-7, with one disputed run, the umpire deciding for a tie.

The next game between Ribstone and Chauvin was a walk-away for the visitors who won some 16-5, chalking up no less than 11 of these in one innings.

After supper Airle played Ribstone. The game was good although Clifford the Ribstone pitcher was suffering from a lame arm, acquired in pitching the afternoon game. Score 7-1 in favor of Airle.

In the evening a meeting was held to discuss the feasibility of forming a league but no agreement could be reached. It was then left to an executive to report to a future meeting.

Sports Day Question

A meeting of the executive of the Chauvin Athletic Association was held last Thursday evening at the office of Mr. H. N. Freeman. Mr. D. W. Parcells acted as chairman.

Mr. Quam having left Chauvin there was no secretary. Mr. H. N. Freeman finally consented to act in this capacity, and was duly appointed on motion of J. A. Code and C. C. McKechnie.

It was decided after discussion that the Chauvin Athletic Association offer to go in with the Chauvin G.W.V.A. and help to make the July 19th a good day of sport.

W. Cubitt was appointed to act as delegate to interview the G. W. V. A.

Chauvin G.W.V.A.

A meeting of the G. W. V. A. was held Saturday evening and an offer was received from the Chauvin Athletic Association regarding co-operation for sports day on July 19th. It was decided to appoint Messrs W. Cubitt and J. MacKenzie a committee to interview the Chauvin Athletic Association.

Chauvin Basketball League Schedule

June 2, Chauvin vs Specials; Chauvin Extras vs H.S. Boys; Edinglassie vs H.S. Girls.

June 9, Edinglassie vs Chauvin; Chauvin Extras vs H.S. Girls; H.S. Boys vs Specials.

June 16, Chauvin vs H.S. Boys; Edinglassie vs Chauvin Extras; H.S. Girls vs Specials.

June 23 Chauvin vs H.S. Girls; Chauvin Extras vs Specials; Edinglassie vs H.S. Boys.

The local teams will practise Mondays, Wednesdays, and Fridays. Six teams have entered the league and each is certain it will win the pennant. That means plenty of thrilling ball.

Premier Greenfield Issues Statement on Natural Resources

Pointing out that the Alberta government might not be any better off for a few years at least with the administration of its own resources on its hands, and also setting up a very definite claim for compensation for certain land alienated by the Dominion government prior to 1905, Premier Greenfield has issued an official statement on his negotiations with the government at Ottawa during the recent conference with reference to the transfer of the natural resources. The official statement is as follows:

"Representatives from the three Prairie Provinces met in Ottawa on April 19th at the invitation of Premier W. M. MacKenzie King, to discuss the natural resources question, following his letter of February 19th. The first few sessions were taken up largely in an effort to define certain general principles to serve as a basis for negotiating an agreement. For obvious reasons we allowed the Manitoba and Saskatchewan representatives to take the lead in the discussions during the first few sessions."

"The second of the sessions, held in Ottawa, Premier Nault did not feel authorized to continue negotiations after receiving from the Dominion Government the general statement already published in the Daily Press. We did not consider it advisable to become a party to this statement, partly because we were prepared to continue negotiations in the hope of reaching a definite agreement, but mainly because we did not wish to agree to any statement which might be considered as stopping us from any consideration of alienations of natural resources prior to the formation of the Province in 1905."

"As there was a clear understanding between the Provincial representatives that each Province should, at any time, be free to act independently if thought advisable, we remained a few days after the Manitoba and Saskatchewan representatives had left for home to see if any basis of compromise could be found which would be satisfactory to this Province."

"The first important point of difference arose from the inconsistency of certain members of the Dominion government that no consideration whatever should be given to alienations or dealings with the natural resources prior to 1905, it being urged that at that time a settlement had been reached behind which we should not go. The impotence of this question to the Province may be gathered by a reference to this item, viz: lands alienated for railway purposes. Of a total of 13,941,729 acres granted from within the present Provincial boundaries as subsidies for railway construction, 10,969,905 acres were alienated a few years prior to 1905. Of this amount approximately 6,440,000 acres were granted for railway construction entirely outside the Province. Had the first petition for provincial autonomy been granted in 1890 we would now clearly be entitled to some consideration for these lands. In view of the fact that these lands were selected throughout the Province and carried with the patents all

(Continued on page two)

Bean Supper Raises \$25 For Church Funds

The Bean Supper served by the Westminster Ladies Auxiliary on Saturday last was well patronized, and the sum of about \$25 was realized. This was very encouraging to the ladies who worked very hard, as they always do to make a success of their undertaking, and to serve well their many guests.

Chauvin W.L.A.

The regular monthly meeting of the Westminster Ladies Auxiliary will be held on Thursday June 8th at 3 p.m. in the church. A cordial invitation is extended to all ladies to attend this meeting.

Chauvin W.I.

A meeting of the Chauvin Women's Institute will be held on Saturday, June 3rd in the I.O.O.F. Hall at 3 p.m. All members are requested to make an effort to attend this meeting.

Ribstone W.I.

The regular monthly meeting of the Ribstone Women's Institute will be held on Saturday June 3rd. Members are requested to meet at the Hall at one o'clock sharp if the day be warm, when all will repair to the park where the meeting will be held. Subject for the afternoon: "Poultry". Also competition for best collection of home-made candy. Prize given by the Secretary. After which tea will be served. All members to bring cake or sandwiches. The remainder of the afternoon will be spent in social enjoyment. If the day be cold the meeting will be held in the hall at 2.30 as usual.

Card Of Thanks

The Westminster Ladies Auxiliary wish to thank all who helped by contributions, patronage or in any way helped to make such a success of the Bean Supper which they served on Saturday last.

Unvaccinated persons are not permitted to vote in Norway.

Letters To The Editor

Re Proceeds Of

A Recent Concert

Chauvin, Alta. May 15th, 1922
"Chauvin Chronicle",
Chauvin, Alta.
Dear Sir:-

I shall be much obliged if you could find a convenient space in your weekly paper for the following: I have heard quite a few of the public expressing their wish to know where the proceeds of the concert and dance given by the "Chauvin Folies" on March 31, 1922, in aid of the Needy of our Province, went to.

Respectfully yours,

"FIREBLY"

HOW CANADA IS GOVERNED

MEETINGS OF COUNCILS

The time for the first meeting of a new council is fixed by the municipal law of each province—generally a month in the first month of the year—but all subsequent meetings can be held in accordance with the regulations of each council, unless otherwise provided. All meetings are held openly, except under special circumstances as defined by the regulations. The head of the council presides over the meetings, and in his absence some member of the council, as the laws or regulations order. He maintains order and decorum, but an appeal may be made to the council against his rulings. A quorum or majority of the whole council is necessary for a meeting for the transaction of business, but a majority of such a quorum may pass any order, resolution or by-law, or perform any other act within the powers of the council.

As a rule open voting prevails, but in British Columbia the election of officers is by ballot. The regulations provide that no member can vote on a question in which he has direct pecuniary interest—the usual parliamentary law in such cases.

Minutes of proceedings of a meeting must be always read, confirmed, and signed by the chairman at the subsequent meeting.

In the provinces of Ontario, British Columbia, Nova Brunswick, Nova Scotia, Alberta and Saskatchewan, the head of the council votes as a member, and when there is a tie or equality of votes the matter or question under discussion is lost or regained. In Quebec he can vote on every question, and has also a casting vote in case of a tie. In Manitoba he votes only when there is a tie. Select committees are appointed as an aid for the consideration of special matters of municipal business, and they must report their results to the council.

All the rules of the councils are based on those of the house of commons and legislative assemblies of Canada. In all matters of doubt reference is made to the regulations and usages of parliament, directing the conduct of debate, divisions, and other matters of order and procedure.

BY-LAWS OF COUNCILS

The legislative powers of all councils are exercised by by-laws when not otherwise provided by statute. A by-law is a special law of a corporation or municipality, which it has a right to pass in a certain form for a local or municipal purpose defined by the general statutory law establishing municipalities.

Every council may also make regulations covering the proceedings of the council, the conduct of its members, the appointing or calling of special meetings, and generally all such other regulations as the good of the inhabitants of the municipality requires, and may repeal, alter, or amend its by-laws. Every such by-law, to have legal force, must be under the seal of the corporation, signed by the head, or the presiding officer of

(Continued on page seven)

Lion-tamers frequently perfume themselves with lavender. There is, it is said, no record of a lion ever having attacked a trainer who had taken the precaution of using this perfume.

Protect Your Dairy Profits

CHAUVIN, ALBERTA

Premier Greenfield -- Issues Statement On Natural Resources

(Continued from front page)

mineral rights, it becomes of considerable importance that any negotiations for the return of the resources should not be limited to the period since 1905, and we felt obliged to make a very positive claim for compensation for these lands at least.

"The second difficulty arises from the fact that there is very little knowledge of the real benefit to be derived by the transfer of the resources. There seems to be a general exaggerated idea, not only of the wealth of our resources, but also of the immediate benefit to be derived by the Province from their acquisition. The result is an insistence on the part of some to any suggestion that past dealings with the resources should be considered at all and the insistence that we should be contented to take over the remaining resources and give up all the present subsidy without any compensation whatsoever for any resources hitherto alienated.

"The figures obtained from the Department of the Interior for the year 1919-20 (which may be taken as an average year) show as follows:—

RECEIPTS	
Lands	982,000.00
Timber	156,380.00
Grazing	90,000.00
Forestry	49,589.00
Mining, including Coal	316,117.00
sales and rentals	181,642.00
Royalty	140,000.00
Petroleum	160,000.00

Dom. Parks	75,783.00
TOTAL	1,805,562.00

EXPENDITURES

Civil Government	493,044.79
Immigration	520,414.24
Geodetic Survey	15,862.18
Dom. Lands Salaries	271,812.30
Dom. Lands Surveys	223,232.12
Protection of Timber	3136,571.17
National Parks	230,749.55
Water Powers	41,684.44
Irrigation	307,943.66
Maps	12,070.12
Cost of Litigation	1,406.10
TOTAL	13,339,799.97

"Omitting as being purely Dominion matters all items of expenditure excepting Civil government, Dominion Land Salaries, surveys and Protection of Timber, there still remains in these four items an expenditure of \$1,304,312.00 as against a revenue of \$1,562,562.00, or a balance somewhat less than the present subsidy. Admitting that we should be able to administer the resources more economically than the Dominion government, there would still be large demands for developing work and the organization of a Department for Civil service to that it is very doubtful if, for a number of years, the government would be in a better position by the acquisition of the resources than it is with the present subsidy.

"Throughout the discussions Premier King exhibited the most earnest desire to arrive at some basis of settlement of this long standing problem and to effect such a settlement, we believe, would be willing to give a very generous consideration to the claim of the Western Provinces. Like his predecessor however, he must keep in mind the practical question of what settlement would receive the endorsement of the House, so that the most serious practical question in solving this vexed question is the attitude of the representatives of the Eastern Province who feel they have an interest in the whole question.

"We believe, however, that very decided progress was made during the conference at Ottawa and Premier has certain suggestions under consideration which, after he has conferred with his Government, may lead to some basis of settlement which could be entertained by this Province."

Mark Twain who couldn't resist playing practical jokes wanted to put "put one over" on the preacher. After listening to one of his sermons he stalked up to him, grasped him by the hand cordially, and said:

"Reverend, I certainly listened to that sermon with pleasure, but do you know that I have a book at home that contains every word of it."

The preacher gasped in astonishment and replied:

"You amaze me. This is an original sermon. I wrote it myself last night."

Mark Twain replied with a mischievous twinkle in his eye:

"Well, Reverend, if you don't believe it, I'll send you the book!"

The preacher asked him to do so, and Mark Twain sent him a dictionary.

Laura: "How do you like my new hat, Grace?"

Grace: "Do you want me to express my candid opinion, Laura?"

"Don't you dare do anything of the sort you mean, hateful thing!"

Taffy one day came across Pat. Pat was busy breaking stones by the side of the road.

"Is it by the yard you're paid for these stones?" inquired Taffy.

"No," answered Pat, "but by the stone."

"Is that so," said Taffy, "then how many stones would go to make a yard?"

"None," said Pat, "they'd have to be carried."

VILLAGE OF EDGERTON

Public Notice

Notice is hereby given that if all arrears of taxes imposed in 1921 in respect of any parcel of land situated within this Village are not paid on or before the first day of July next, such land will be dealt with under the provisions of The Tax Recovery Act 1922, with a view to obtaining certificate of title in the name of the Village in respect of such parcel.

EDWARD H. MADDOCKS,
Secretary-Treasurer,

Alberta Game Farm

Dr. H. Béndick, of Leduc, south of Edmonton, Alberta, operates a successful game farm. His farm is stocked with wild geese, ducks and prairie chickens, native to Canada; wild turkeys, imported from Kentucky, and pheasants, grouse, quail, peafowl, guinea hens and doves from overseas countries. His success in breeding prairie chickens is most interesting, as it has always been said that it was impossible to raise these timid birds in captivity. Pheasants are also doing well in this Western country. Mr. Béndick last year liberated 72 of the Chinese ring-necked variety. European pheasants have also been liberated in Alberta and are spreading through the province rapidly.

Saskatchewan Oats

The following table shows the yield of oats grown last year at the agricultural experimental station, Scott, Sask.:

Variety	Days	Bush.	Lbs.
Banner	94	78	28
Victory	94	75	10
Gold Rain	93	74	9
Leader	94	69	24
Russian Yellow ..	96	66	16
Tartar King	93	56	31
Daubeney	82	56	11
Alaska	78	48	28
Liberty (bulless) ..	88	43	18

A twelve-acre field of registered Banner oats yielded 76 bushels per acre. The foundation stock for these oats was secured from the Dominion cerealist at Ottawa in 1919. During the three seasons they have multiplied from a single sack of oats to 960 bushels.

Alta Cattle Roundups

Attention is called to the fact that requests for round-ups of cattle, before being granted by the minister of agriculture, must be signed by at least ten persons who shall be responsible for the conduct of the roundup in accordance with the regulations.

Blake: "Why do you say that Mr. Hyson is not a good man? He goes to church more often than any man I know."
Kearse: "Yes, he devotes all his religion to going to church."

High Lights In

Budget Speech

Present taxation to be increased.
New dominion loans, probably domestic, to be floated.
Every change made in the present tariff, except one, will be a reduction.
British preference will be increased in some respects.
Australia has been offered our preferential rate if she gives Canada same rate as she gives Britain. No answer yet received.
Tariff on American goods will be reduced only in a few instances.

TAXATION PROPOSALS

Taxation proposals include:
Reduction on agricultural implements. This applies to imports from the United States.
Mr. Fielding announced that the Marking act was not desirable but may be applied in special cases.
A law requiring fair price under the customs act to be equal to the cost here plus a fair profit to be repealed.
Requirement that foreign currencies shall not be valued at less than fifty per cent of par is to be abolished. So is requirement of certificate of invoice.

Duty on alcohol reduced to 22.40 per gallon to druggists.
Duties increased on cigars and cigarettes.
Duties on mowing machines, binders and reapers reduced two and a half per cent; also on seed drills and plows. Most other agricultural implements reduced five per cent.
Duty of five cents per pound on raw leaf tobacco abolished when taken into factory.
Sales tax to be increased fifty per cent.
Gasoline reduced from 2½ to 1 per cent and other reductions made on fishermen's supplies. Spraying machines for fruit industry reduced by 2½ per cent on preference and five per cent on general tariff.
Beet sugar made subject to excise tax of 49 cents.
Tax of one per cent on bank circulation. This is now offset by exemption under income tax, but the exemption is to be removed.
Duty on cotton, woolen, rubber and knitted clothing reduced 2½ per cent.
Duty on boots and shoes cut 2½ per cent.
Automobiles up to \$1,200 in value to pay five per cent; above that 10 per cent.
Confectionery tax five per cent.
Ale, beer, etc., 15 cents per gallon.
Additional tax on checks of two cents on every \$50.00.
Telegram tax raised to five cents.
Preference on refined sugar raised from fourth to one-third off.
Preferential rates decreased on cocoa.
Tax imposed on mineral waters and soft waters ten cents per gallon.
Five per cent tax on premiums paid to unlicensed insurance companies.
Transfers of stock tax raised from 2 cents to 5 cents per share.
Cigars, excise rate raised from \$5.00 to \$9.00 per thousand.

Before applying blacklead for polishing make a pad of old cloth and rub wax from the back of the grate or from the flues on all the greasy parts. The grate will then take the polish and with much less labour than usual.

A Suitable Clover

Altaswede red clover, introduced by Alberta university, has found a congenial habitat in that province. It resists severest winter weather and produces exceedingly heavy crops. Last season an Edmonton district farmer produced 1,500 pounds of seed from a crop that was sown in rows 24 inches apart on about 4½ acres. This new legume is expected to have an important bearing on the future of farming in Western grain-growing sections.

Alberta Creameries

Five creameries in Edmonton made 5,010,000 pounds of butter last year. Of the total output of 12,525,000 pounds of creamery butter during the year, 8,579,635 pounds were made in Northern Alberta creameries. Cheese production in this province in 1921 was nearly 1,900,000 pounds compared with 398,750 pounds in 1920.
9 91w W2q y SC 1 11

Wheat Shipments

Up to the end of March, 2,122,000 bushels of wheat of the 1921 Western Canada crop had been shipped to the Far East and 2,369,000 bushels to Great Britain through the port of Vancouver, B.C. The consignments for Britain went by the Panama Canal.

NOTICE TO OUR READERS

No unsigned correspondence can be received for publication in the Chauvin Chronicle. This is a rule which MUST BE COMPLIED WITH. Correspondents are allowed the use of a "nom-de-plume" to the article as published, but the necessity of an attesting signature still remains.

The attention of "RATEPAYER" is particularly called to this notice. Further, permit us to remind "Ratepayer" that he (or she) mentions a person's name in the letter whilst withholding his (or her) own name.

Let our readers point out that although there may be just cause for complaint, there is also such a thing as a "Libel law" properly designed to protect the fair name and reputation of every citizen. It is quite probable that "Ratepayers" letter as it is now drafted would form a suitable cause for a libel action.—Editor

There are 135 miles of towpaths beside the River Thames.

Ivory worth \$150,000, and weighing 150 tons, is stored at the London Docks.

Editorial Comment

THE IMPOSSIBLE HAPPENS

It hardly seems possible that a man who has every drop of liquor in his drug store accounted for, should be subjected to proceedings for keeping record of his sales. Yet such has happened in our midst this week; and it has happened to one man, who above all others has steadfastly maintained the most strict line of conduct in this department of his business, and to one whom we all know would not deviate from either the spirit or the letter of the law.

TRYING TO MAKE A CRIMINAL

In this case there was not the slightest evidence produced to indicate that one drop of liquor was unaccounted for. No evidence is produced by the prosecution to show the slightest shortage. No evidence is shown to prove that any had been improperly disposed of. In fact everything was admitted as being correct and in order. The whole case depended upon the interpretation placed upon the act and the prosecution sought hard to make the defendant a criminal upon the interpretation of a section of the act.

JUSTICE IS GIVEN

It is a matter of satisfaction that the magistrate who heard the case was level headed and whilst giving every consideration to the arguments of the prosecution, he refused to read into the act that which was not there. Further he is to be commended upon his justifiable action in dismissing the case upon its merits, thereby leaving no stigma attached to the reputation of the accused.

PRUSSIAN METHODS

Many of the provisions of the liquor act are manifestly unjust and unfair. There are circumstances under which a man may be fined without any right of appeal for the actions of others, actions of which he has no knowledge and actions in which he has neither given consent nor taken part. Nor has the Magistrate any other course than to convict, under the act, for such violations of the act.

THE SWORD OF DAMOCLES

Every business man throughout the province has the Liquor Act like the sword of Damocles hanging over his head. He can be made a criminal any day of the week in the simplest manner. All that is necessary is for some evilly disposed person to secrete a bottle upon his premises, and then

assist the police to find the same. The owner of the premises is then subject to a fine without the option of appeal.

Fairwell, Fair Play!

SUNDAY TRADING

Sunday trading is illegal. Don't ask the tradesmen to make sales to you on Sunday. The law that binds you also binds them. There are penalties which may be applied for violations of the Sunday Trading Act.

Halderson, Bros., Ellrofs, Saak., say that silage feeding through the winter increased the market value of their steers \$20 per head over and above what the animals would have brought if fed in the ordinary way; further, they state it kept their milkers up to top production all winter long.

A Karakul, or "Persian lamb," ranch has been established at Wardlaw, on the C.N.R. south of Hanna, Alberta.

"Chauvin Chronicle" WRITING TABLET

60 Sheets .25c

THE BEST VALUE OBTAINABLE FOR THIS MONEY. Taking page 291 of the current T. Eaton's catalogue, as a standard we decided to put a writing tablet on the market to meet this. Not finding it possible to buy through the wholesale channel any suitable line, we studied the paper markets and were ultimately successful in obtaining the materials at prices which enabled us to give you this wonderful bargain. A full 60 sheet count for 25c MANUFACTURED IN CHAUVIN. Canadian made paper is used for the writing pad, and as much of the cover material as was to be obtained at a price which enabled us to compete.

Ribstone Ladies Aid

A concert and social evening will be given at the hall, June 1st by the Ladies Aid. Concert will begin at 8.30 p.m. Everybody welcome. Admission for adults 50c; Children 25c

Airlie U.F.A. Picnic

Wednesday June 7

Airlie U.F.A. Picnic will be held Wednesday, June 7th 1922 Baseball, Basketball, and other sports for young and old. Good prizes will be given. Admission to grounds 25c. A dance will be held in the schoolhouse in the evening.

Roros U.F.A. Picnic

The Roros U. F. A. will hold their annual picnic at the Beaver dam on Ribstone Creek, one mile east of the Roros school, Wednesday, June 7th.

A dance was held in the I.O.O.F. hall on the evening of May 24th.

Local Notes Of Interest

The weather conditions are still favorable to the crops which are looking good. Cattle also are in excellent condition throughout the district.

J. A. Code has just received a shipment of new Ford cars.

Mr. and Mrs. W. Wright of Artland were in Chauvin Monday.

Mr. J. A. MacKenzie, returned from a business trip to Edmonton on Saturday.

Mr. Gifford paid a hurried visit to Edmonton last week.

Mr. C. Laws spent the week-end in Edmonton.

Chauvin was favored with an exhibition of aviation Monday evening by Mr McLeod, of Hanna. Not only did our good friend "loop the loop" and other stunts in his plane; but a parachute drop was made by one of his men from about 2000 feet. The descent being made in the cool of the evening and under perfectly calm atmospheric conditions, he was able

to drop right close to the assembled crowd. In fact he had to "shoot" the children away, who had run in under the falling parachute.

Mr McLeod also took an afternoon flight to Edmonton, and carried a number of passengers for short trips from that place.

Mrs. Alban and Mrs. Heffren were visitors in Chauvin Monday.

Mr. T. S. Keatley spent a few days in Chauvin last week.

The Chauvin agricultural fair prize list is now ready for distribution and can be had on application to the Secretary, Mr. P. H. Perry, or from the Chronicle office. Mr Perry is mailing a quantity of prize lists to residents in the district.

Plans are being perfected for the official grading of all dairy produce sold in Canada for export.

Rough diamonds cannot be purchased anywhere in the world outside two offices in London.

It is expected that the bye-elections to fill the three vacancies in the provincial legislature existing in Whitford, Sedgewick and Ribstone, will be held during the month of July. These vacancies were created by the resignation of Hon. Chas. Stewart in Sedgewick to enter the Dominion Cabinet, the unseating of A. S. Shandro in Whitford, and by the death of C. O. P. Wright of Ribstone, shortly after the session ended.

By a decision of the supreme court of Canada, Hon. Chief Justice Harvey has been confirmed in his opinion in his position as chief justice of the province as a result of the controversy which arose when the courts of Alberta were divided into two divisions and Chief Justice Harvey was made chief justice of the trial division and Mr. Justice Scott made chief justice of the appellate division. The question then arose as to who was chief justice of the province and the matter was taken to the supreme court of Canada with the above result.

The Chauvin Pharmacy

Chauvin High School Breezes

Take a piece of salt along with these. It helps your sense of humor.

Eddie is showing signs of developing into the knight errant of the school. Damselles in distress can always be sure of help when he is around at hitching up time. Unanimous verdict of the fair sex—Eddie is a chip of the old block!

The basket ball game on the 24th was a hot one. The girls beat, but at an awful cost to their complexion. It was really annoying when one was looking like a purple sunset—as painted by some of our H.S. artists, to hear the calm voice of Referee Doherty, enquiring politely if she could assist us to the "floor" barrel.

Here is the base humour that the reason that the boys lost was that they were preserving their good looks for the dance. You can ask Irvin.

The exams are getting the blame of a lot these days. The other day as the trio from the north were turning a corner, well within the 10 mile limit, so they say, what was their consternation to find that their buggy seat had slipped its moorings and was

sinking down, down, within a very close shave of biting the dust. The explanation is simple. Heavy hearts caused by Thoughts Of Approaching Exams.

Ina is another who tried to get away with the exam, excuse, when the other day, her steed, tired of living a model pony careered madly round the school and succeeded in putting the shafts out of commission. This excuse does not go down, however, with her sceptical little brother who says, if Ina had been unbiting like a FARMER, it wouldn't have happened.

But all well that ends well. A kind cousin has made Gretchen a new and reliable buggy seat, and Ina had the luck to catch sight of that well known good Samaritan, who true to his name took her and the subdued Dick safely home.

Elsie McSporran, according to Elsie had a most wonderful motor ride to Macklin the other day. Indeed we were all afraid for a few days after that the beautiful time she had was going to cost her a new hat. But luckily this will not be necessary as her head is coming back to its normal size—Of course this is a sour grapes!

Offsetting Competition

The thing for the merchants of this community to do in their own interests is to advertise faithfully, and to make their printed announcements interesting and helpful to those whose trade and favor are desired.

The serious competitors of the retailers of this community are the big stores of the big cities—those that send out catalogues and have mail order departments

The poorest way to offset this competition is for the local merchant to remain silent. For them not to "speak up" is to give the mail order houses a better chance to get business from this community.

A WORD TO THE PUBLIC

When you send your money out of this community you enrich the great shops and impoverish this community. Strengthen—not weaken—the merchants of this community. It will all be returned to you in the form of better service and better values

P. O. Box 11 CHAUVIN

Don't forget the Fram Grain Growers meeting next Saturday at the home of Mrs. O. Scholin, commencing at 7 p.m.

Oats are pretty well all in, with the exception of green feed.

Grain Growers Sunday, June 18th. A service will be held in Fram School. Look for next week's announcement.

When it takes four men? to bring home three milk cows. How many would it take to bring one?

Mr. and Mrs. McNutt, Mr. and Mrs. D'Albertanson, and Mrs. D'Albertanson Sr. paid a surprise visit to Mr. and Mrs. K. W. Coe on Sunday last.

Wheat seeding in Saskatchewan is practically completed except in a few districts, and about fifty per cent. of the oat crop is in, with very little seeding as yet of barley and flax, according to the crop report issued yesterday by the statistics branch of the provincial department of agriculture. Crop correspondents from all parts of the province report conditions as unusually favorable, with growth exceptionally rapid.

Tuberculin Testing For Cities And Towns

A discussion which took place recently in the House of Commons revealed the fact that the cities and towns of Canada do not take advantage, to the extent they should or might do, of the opportunity offered by the Dominion Department of Agriculture, to have the herds supplying milk or cream tested for tuberculosis by officials of the Health of Animals Branch. By order-in-council passed in April, 1917, it is provided that, on application to the Veterinary Director-General, any city or town can secure this service on condition that the dairies supplying the milk or cream are licensed and conform to the standard. It is further understood that, two years after the first test, the sale of unpasteurized milk or cream in the supplying city or town shall be prohibited, unless the veterinary inspector can certify that the dairy herds contain no reactors and are free from tuberculosis. These conditions being agreed to, an inspector or inspectors will be sent to test all the cows furnishing milk and cream to the city or town concerned.

MENTION OUR ADVERTISEMENTS

Complaints Against The Poundkeepers

Complaints have been received by the department of agriculture, that in some cases where cattle have been impounded, these have been sold without being fully or properly described in the advertisements. The department will proceed to take steps against any poundkeeper found guilty of improperly or insufficiently describing animals impounded and to be offered for sale.

Restaurants Must Now Be Licensed

After June 1st all restaurants in the province will require to have a provincial license, in accordance with the act passed at last session of the legislature. In cities the license fee is \$10, and in towns it is \$5. Application must be approved by the council of the municipality from which the application is made.

Electrical Storms Throughout District

The Wainwright district was visited by a severe windstorm on Friday night of last week, which lasted for about an hour and a quarter. For about fifteen minutes a peculiar spasm wave hit the town and wrought considerable damage. Woodsheds and outhouses were lifted bodily and tossed into neighboring yards. The plate glass windows of the Empress Cafe were blown out, while two windows in the star office and two in the Allen Meat Market were smashed. All the windows in the big skating rink suffered a like fate. The roof of the theatre was broken in, while lumber piles in the Atlas Lumber company's yards were tossed over the place. Wagons were blown several blocks away. At Wheaton's dairy farm, one mile southeast of town, the roofs of several sheds were blown off, while A. Lackey, on mile west of town, lost one or two buildings and sheds.

During the same storm the water tank at Heath was considerably damaged. Whilst no material damage is reported at Edgerton, Ribstone, or Chauvin, the water tank at Artland suffered, being partly blown down.

Fatal Accident Near Lloydminster

As a result of a car overturning about one mile from Kitchy, early in the morning of May 26th Mrs. John Bunyan lost her life and George Miller lies unconscious in Lloydminster hospital.

The occupants with Mr. Miller's brother were returning from a sports day at Kitchy. The car overturned on a bad side hill.

The second Miller boy was able to return home after a good day's rest. The car is considerably damaged.

Dolcy & McCafferty Joint U.F. Picnic

ing a joint annual picnic in the The Dolcy and McCafferty U.F.A. locals are holding a joint annual picnic in the Dolcy school grounds on Wednesday, June 28th. All kinds of sports for everyone, commencing promptly at 10.30 a.m. Lunch served. Booth on the grounds. Dance in the evening.

Very substantial reductions have been made in tractors offered for sale in Western Canada this year, amounting in some cases to as much as \$270 plus extra equipment, such as plows.

A Winnipeg district farmer who fostered a stray swarm of honey bees six years ago now has collected 76 colonies, and last year sold over two tons of honey at 35 cents per pound.

ADVERTISE-IT PAYS

MORTGAGE SALE OF FARM PROPERTY

PURSUANT to the directions of the Registrar and by virtue of the Powers of Sale provided by the Lands Titles Act under a certain Mortgage which will be produced at the time of the sale. There will be offered for sale by public auction by A. R. Foxwell, Chauvin Hall in the Village of Chauvin, in the Province of Alberta, on

SATURDAY, JUNE 3rd 1922 at the hour of 3 o'clock, in the afternoon, the following property, namely:—

The North-east Quarter of Section (30), Township Forty-two (42), Range One (1), West of the Fourth Meridian, in the said Province.

As shown upon a map or plan of survey of the said Township approved and confirmed at Ottawa, on the 12th day of December A.D. 1904, by Edouard Deville, Surveyor-General of Dominion Lands and of record in the Department of the Interior, containing by admeasurement One Hundred and fifty-nine (159) acres more or less. Reserving unto His Majesty, His Successors and Assigns all mines and minerals.

Terms of sale to be 10 per cent cash at the time of the sale and the balance in 60 days or \$650 may remain on mortgage at 9 per cent interest payable \$25.00 monthly with interest and balance in five years.

The above property will be offered for sale subject to a sealed reserved bid and free from all encumbrances save taxes for the current year.

The Vendor is informed that the above property is situated about two and a half miles from the Village of Chauvin, where there is an elevator, church and school, and about thirty acres are under cultivation, thirty being fenced for pasture with 2 strands of barbed wire, and the land is fenced on three sides with 3 strands of barbed wire.

The buildings consist of frame dwelling one and a half story 16 x 20 barn 16 x 20 and chicken house 14 x 12 and good well.

For further particulars and conditions of sale, apply to EMERY, NEWELL, FORB & LINDSAY, Solicitors, Canada Permanent Building, Edmonton, Alberta.

FOR SERVICE

FOR COMFORT

HOW CANADA

IS GOVERNED

(Continued from front page)

meeting at which it was passed, and by the clerk, or secretary-treasurer of the corporation.

The power of passing by-laws given to the various municipal councils of the provinces a decided legislative character. The subjects embraced within their jurisdiction are set forth with more or less detail in the municipal acts of the majority of the provinces especially those of Ontario, Quebec, and the western provinces—those of Nova Scotia and New Brunswick being less perfectly defined.

Generally speaking it may be said that, subject to certain limitations and formalities, the council of every city, town, or incorporated village, may pass by-laws for the construction and maintenance of waterworks, the amount required to be collected

local improvement by-laws, licensing and regulating transient traders, the purchase of real property for the erection of public buildings thereon cemeteries, their improvement and protection, cruelty to animals, fences, exhibitions and places of amusement planting and preservation of trees, gas and water companies, shows, exhibitions, taverns and shop licenses, public morals, nuisances, sewage and drainage, inspection of meat and milk, the weight of bread, contagious diseases, fevers, prevention of accidents by fire, aiding schools, markets, police industrial farms, parks, bathing houses, cab stands, telegraph poles, prevention of fires, construction of buildings, public libraries, charities, and numerous other subjects immediately connected with the security and comfort of the people in very community.

By-laws usually have to be printed and advertised in one or more news, papers, and posted in public places. In Alberta and Saskatchewan by-laws

require three readings, and not more than two can be had at the same sitting of the council, thus preventing surprise.

In case of aid to railways or water-works, or the pledge of the municipal credit for certain other public purposes, defined in the municipal law of Ontario, Quebec and other provinces, a vote of the ratepayers and property holders must be taken.

In Ontario, where the law is very clear and explicit, the assent of one-third of all the ex-payers of a municipal division is required to give legal force to a by-law giving aid in any shape to a railway or other company, or raising or giving credit of the municipality any money not required for its ordinary expenditures, and not payable within the same municipal year.

In Ontario, British Columbia, Manitoba, Alberta and Saskatchewan, the vote is always by ballot. Any resident or other person interested in a by-law, order or resolution of a council may take proceedings in the courts to quash the same for illegality.

The reference of by-laws of municipalities to the ratepayers of a municipal division for their acceptance or refusal is the only example which our system of government offers of what is known in Switzerland as the (ferendum) (reference) of laws to the vote of the people before they can come into operation.

MUNICIPAL ASSESSMENT OR TAXATION

The most important duty of every municipal council is the raising of money for local purposes by direct taxation. The burden of taxation is on real property—that is to say, on buildings, land, machinery, trees on lands, mines and minerals, except where they belong to the crown.

In British Columbia, improvements on land are exempted up to a certain amount. Incomes are taxable in the majority of the provinces, and so are bonds, securities, and other personal property within the limitations fixed by the law in each case.

The following classes of property are free from municipal taxation in the provinces generally: imperial, dominion, provincial and municipal property; Indian lands, churches, parsonages, and lands immediately connected therewith (except in Manitoba); educational, charitable, scientific and literary institutions; agricultural and horticultural societies; incomes of the governor-general and lieutenant-governors; household effects and tools in use.

Small incomes are also usually exempted the limit being different in the various provinces, the incomes of farmers are also usually exempt to encourage agriculture, Canada's principal industry. Special interests are also protected. For instance, in Ontario and Manitoba, the produce of the farm in store or warehouse on the way to sale, live stock and implements in use; in Nova Scotia and New Brunswick, fishermen's boats, nets and outfit to \$200.

In Alberta and Saskatchewan, grain is exempted. But in all these matters of taxation there are so many differences in the provinces that it is impossible to do more here than refer generally to the subject. Reference must be had to the assessment laws of the provinces in all cases.

All municipal, local or direct taxes are raised and levied upon the real or personal taxable property according to the value given in the roll of the assessors, or valuers, or assessment commissioners appointed by each municipality in the different provinces for each purpose. The council of a municipality assesses and levies upon his taxable property a sufficient sum in each year to pay interest and sinking fund on debts and meet all legal expenditures.

The laws of the provinces restrain, as far as practicable, the powers of the corporations in this particular, and any person can ascertain by referring to the general law governing

municipal bodies, or to a special charter of a city or town, the extent of the authority of a council in levying a rate and creating debt.

In case a person considers he is rated too high on an assessment, or is treated exceptionally or unjustly, he can have an appeal to a court of revision, composed of members of the council as a rule, and finally to the courts—the county court in Ontario, Manitoba and Nova Scotia, and the circuit court in Quebec.

In New Brunswick there is a board of valuers and in British Columbia a court of revision, and leave is given under certain circumstances to have recourse to the supreme court.

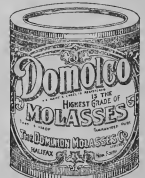

In Nova Scotia there is an assessment court of appeal in towns, and thence to the council under certain conditions.

In Saskatchewan and Alberta the appeals are taken first to the council which acts as a court of revision, with the right to a subsequent appeal before a judge of the supreme

court with the exception of appeals in local improvement districts, which are specially provided for by the act governing the same.

"The Greatest Farm Help Is The Home"

Your entire farm life centres about the home. Build a new one if you can, but if you can't, at least rebuild the old one. This is the month when you should go over all your buildings and see just what is needed to keep your farm at it's maximum productivity.

Drop in and chat it over with us now that seedling is over—OUR STOCK IS COMPLETE AND PRICES ARE RIGHT. All that we ask is a chance to prove to you that we CAN SAVE YOU MONEY on your requirements

Galvin Lumber Yards Ltd.**"The Home of Quality & Service"**

Per WALTER J. TARDIFF, Manager

Just A Card

Just a card is all you care for, Hidden, lonesome, and unread. Like a sign upon a tombstone, Telling folks that you are dead. Wake up, man, take a tonic, Bunch your hits and make a drive: Run a page, change your copy. Advertise and keep alive.

One step won't take you very far, You've got to keep on walking; One word won't tell folks what you are,

You've got to keep on talking. One inch won't make you very tall. You've got to keep on growing; One little ad. won't do it all, You've got to keep 'em going.

Mother: "Sam, you've been fighting again! You've lost four front teeth." Sam (taking a little package from his pocket): "No, I ain't, mother. Here they are!"

Neighbour: "Divorces are practically unknown in Sweden."

Frankly: "Perfectly natural in the land of safety matches."

Little Polly (entertaining big sister's sweethearts: "Oh, Mr. Greene, guess what father said about you last night!"

Mr. Greene: "I haven't an idea in the world."

Polly: "Oh, for shame! You listened!"

Baker: "Suppose a man's income is \$200.00 a year, what's his principal?"

Nesde: "A man with an income like that hasn't got a principal. He's a proffiter."

Certain chemicals used in dye works are now said to have strong curative values in cases of human ailments.

Palmolive Soap—The old standby at 9 cents a cake—There is no sense in paying more.

LOST-ONE BLACK FILLY, WHITE strip on face. One bay filly, white formation leading to recovery. Fred star on face. Both branded lazy "2" on left shoulder. Reward offered for info. Holbrook, Chauvin, Alta.

Impoundment Notice

To whom it may concern:

Notice is hereby given that by virtue of power granted under Sec. 24 of "The Stray Animals Act" and by-law of the rural Municipality of Manitou Lake No. 442. One black mare 4 or 5 years old, weight about 1250 lbs. No visible brand or other marks. One yearling bull, red, horns 6 inches long, no visible brand, were impounded in the pound kept by the undersigned on the S.E. 18-45-27 3rd on Thursday the 18th day of May 1922.

E. J. NATTRESS, Poundkeeper
